Merit Plus

The world of education is changing at a rapid pace globally, so are the ways educational institutions are imparting it. Technology and digital infrastructure have become an important and integral part of campuses worldwide.

We at Merit India offer Merit Plus; a comprehensive enterprise solution for educational institutions including schools, colleges and universities. Merit Plus facilitates a common interactive online platform to bring parents, teachers and students together.

To learn more about how Merit Plus can change the way your school, college or university campus operates read on...

About Merit Plus

Merit Plus comprises of three major components:

Merit Plus ERP: a comprehensive back-office, administrative and operations support solution.

Merit Plus Portal: Provides a single-window view for parents and students when outside the campus.

Merit Plus SMS Gateway: A connectivity solution that provides an SMS based interface to exchange information between students, parents, teachers and management using Merit Plus as a medium.

Features of Merit Plus

Comprehensive campus-wide solution: With over 15 integrated modules in Merit Plus ERP and a complete portal, Merit Plus can manage your entire campus with ease and efficiency.

Single Window access: With Merit Plus portal both students and parents can get a single-window access to the campus activities. Parents can view progress of their wards, interact with teaching staff or management and raise or resolve issues. All in one window!!

Latest Technology and Infrastructure: Be it smart cards for access/security or SMS gateways to send instant SMS messages to parents and staff, Merit Plus deploys the latest in technology to ensure that you get the best benefit from advances in IT.

Benefits of Merit Plus

- ☐ Increased Productivity
- ☐ Reduced Costs
- ☐ Minimal Technology Risk

Our Value Proposition

Merit India offers Merit Plus to institutions based on SaaS (Software as a Service) model. Merit India hosts and maintains the complete infrastructure and application software is accessible to institutions over the Internet. Your campus can benefit from Merit Plus using just a PC with Internet connectivity and a compatible web browser!!

Campuses need not worry about:

- ✍ Hardware maintenance costs
- ✍ Software licensing and renewal costs
- ✍ IT Resource costs
- ✍ Availability, scalability and extensibility
